ADMINISTRATION

THE PRESIDENT

PRESIDENT W. W. TISON, A.B., M.S.

For five years the college has been under the leadership of President W. W. Tison. His genuine enthusiasm to make Normal College an institution renowned for its scholastic achievements, the individuality of its students, and its historical campus, has resulted in outstanding progress. President Tison was graduated from the Louisiana State Normal in 1904. After receiving an A.B. degree from the State University and an M.S. degree from the University of Chicago, he served on the administrative staff of the Peabody Summer School, later coming back to this college as the professor of Chemistry. In 1929 he was elected to preside in the responsible position as president of this college, which he has successfully filled since that time.

STATE BOARD OF EDUCATION

J. L. BRYAN

MRS. D. C. SCARBOROUGH

1933-1934
ELECTIVE MEMBERS

HONORABLE A. J. GELPI, New Orleans	<i>First District</i>
MRS. ELEANOR H. MEADE, Gammercy	<i>Second District</i>
HONORABLE W. J. BURKE, New Iberia	<i>Third District</i>
HONORABLE E. A. CONWAY, Shreveport	<i>Fourth District</i>
HONORABLE GEORGE T. MADISON, Bastrop	<i>Fifth District</i>
DR. GLENN J. SMITH, <i>Vice-President</i> , Jackson	<i>Sixth District</i>
HONORABLE PARRISH FULLER, Oakdale	<i>Seventh District</i>
HONORABLE H. H. WHITE, <i>President</i> , Alexandria	<i>Eighth District</i>

APPOINTIVE MEMBERS

HONORABLE W. A. MONTGOMERY	Lafayette
DR. A. B. DINWIDDIE	New Orleans
HONORABLE CLYDE S. RODGERS	Ruston

T. H. HARRIS

GLENN J. SMITH

THE HEADS OF

ART: MRS. OLIVE LONG COOPER, B.S., A.M.

Much impetus has been added to the work in the art department by the exhibitions held throughout the year of studies done by art students. Mrs. Olive Long Cooper, head of the department graduated from the Louisiana State Normal in 1918; received her B.S. degree from Columbia University in 1925, and in 1926 received her A.M. degree and a diploma as supervisor of fine arts from Columbia University. After teaching in the Winfield High School, the University of Wisconsin, the Indiana State Normal School and Scarborough on Hudson, she accepted a position at this college in 1928.

BIOLOGY: DR. EARL H. HERRICK, B.S., M.S., Ph.D.

The Biology department has progressed very much during the past year. The excellent records made by students have enabled them to establish a chapter of an Honorary Biological Fraternity. Dr. Earl H. Herrick has done admirable work as the head of the department of Biology. He received a B.S. degree from the Kansas State Agricultural College in 1926, and an M.S. degree in 1927. He did graduate study in the Marine Biological Laboratory, Woods Hole, Massachusetts, during the summer of 1928. In 1929 he was awarded a doctorate from Harvard University. Dr. Herrick acted as assistant Mammalogist in the Kansas State Agricultural College from 1926 to 1927. In 1927 he was given an Austin Teaching Fellowship and studied in Harvard University from 1927 to 1929. Dr. Herrick accepted a position on the Normal faculty in 1929.

CHEMISTRY: PROFESSOR A. L. DUCOURNAU, A.B., M.S.

The Chemistry department has not only maintained its former excellence, but has also made conspicuous advances in many respects. Several interesting lectures and demonstrations have been given in the student assembly by the Chemistry department. Professor Ducournau, head of the department, received his A.B. degree from this institution in 1923. He did graduate study at the University of Texas in the summer of 1925. His M.S. degree was awarded from the University of Iowa in 1929. Professor Ducournau studied at the University of Chicago during the summer of 1930. He served as a high school teacher and principal for five years, after which he accepted a position on the Louisiana State Normal College administrative staff in 1925.

WOMEN'S PHYSICAL EDUCATION:

MRS. THELMA ZELENKA KYSER, A.B., M.A.

The Women's division of the Physical Education Department is capably supervised by Mrs. Thelma Zelenka Kyser. Through her interest in this work Physical Education for women has been broadened and now plays an important part in the health and recreation for each woman student. Mrs. Kyser graduated from the Louisiana State Normal in 1917 and in 1922 received her A.B. degree. She was a special student at Peabody, Columbia, and University of California; she taught in Louisiana public schools for several years. In 1921 she accepted her present position as a member of the Staff of L. S. N. C. She received her M.A. degree in 1933 from Columbia University.

SOCIOLOGY: PROFESSOR ALVIN GOOD, A.B., A.M.

The department of Social Sciences is extremely fortunate in having at its head a man who has distinguished himself in the field of Sociology. The text book compiled by Professor Good is used as the present text book for Sociology classes at this school and others. Mr. Good received his A.B. degree in 1910 from the Kansas State Normal and his A.M. from the University of Colorado in 1917. He studied as a graduate student in the University of Chicago in 1918, 1919 and the summer of 1926. From 1910 to 1917 he was a teacher in high schools. Mr. Good was professor of Social Science in Hastings College from 1918 to 1920 at which time he became connected with the faculty of the Louisiana State Normal College.

DEPARTMENT

SPANISH: MISS CORINNE L. SAUCIER, B.S., A.M.

The Spanish Department is rapidly increasing in size. Not only is the study of Spanish made interesting by the very capable professor, Miss Corinne Saucier, but the Spanish students have the opportunity of teaching the grammar grade children simple Spanish lessons. Too, the students of the college feel that Spanish, as the modern commercial language, is important. Miss Saucier, head of the department, received her B.S. degree in 1922 from Peabody College and her A.M. degree in 1923. She did graduate study at Sorbonne, Paris, in 1927 and 1928. She attended Columbia University in 1930 and 1931. Miss Saucier has been teacher of French in St. Gabriel and Bolton High Schools, 1922-1927, and the College of St. Scholastica in Minnesota in 1928 and 1929. In 1931 she accepted a position as professor of foreign languages at this institution.

ENGLISH: PROFESSOR S. M. BYRD, A.B., A.M.

The English Department is especially important in a Teacher's College. Professor S. M. Byrd as director of the department's activities, has done much to increase the effectiveness of this department. Mr. Byrd has through special interest in Louisiana stories and authors, secured prominent scholars of the day and Louisiana writers to speak to the student body and faculty. Mr. Byrd received an A.B. degree from Tulane in 1916 and an A.M. degree in 1927. In 1927 and 1928 he did graduate study at the University of Virginia. Mr. Byrd served as a member of the faculty of Tulane during the summers of 1914 to 1922. He also was Superintendent of Schools in Texas and Mississippi. In 1922 he accepted a position on the Normal faculty.

HISTORY: PROFESSOR PAUL WEISS, Ph.B., A.M.

Mr. Paul Weiss, head of the History Department, should be commended for the interest he has created in the study of this subject. History is not only of value as a study of past generations but also of the current economic situations here and abroad. Mr. Weiss received his Ph.B. degree from the Brown University in 1905. In 1924 he received his A.M. degree from the Louisiana State University. He did graduate study at Columbia and Peabody. Prior to his acceptance of a position with this college in 1921, he served as Principal of high schools in Indiana and Louisiana.

MUSIC: PROFESSOR CHRISTIAN JORDAN, B. of Music, M. of Music

The music department, directed by Professor Christian Jordan, has made more progress this past year than heretofore. Not only music majors but the entire student body is interested in this department's progress. The band and the orchestra aid in many student activities. The string quartet and the Glee Clubs have given programs in other schools and have made several radio broadcasts. The college has reason for pride in the Music Department after hearing the splendid Graduate recitals that are presented throughout the year. Professor Jordan received his B. of Music at the Chicago Musical College in 1916 and his M. of Music from Knupper School of Music, Chicago, in 1918. He was instructor of Piano and Harmony in the Knupper School of Music from 1918 to 1923. From 1923 to 1927 he was head of the Piano and Theory Department in the Des Moines University Conservatory. From 1927 to 1929 Mr. Jordan was Associate Professor of Piano in the Oberlin Conservatory in Ohio. In 1930 he became connected with this institution in his present position.

HOME ECONOMICS: MISS ESTHER COOLEY, A.B., M.S.

The Home Economics department is a most practical one. The students not only sponsor a lunch room in the training school, but carry their knowledge to actual practice in a cottage located on the campus. Further interest has been exhibited in dinners and teas given in honor of prominent college organizations. Miss Esther Cooley, head of the department, received her A.B. degree from Newcomb College in 1914. After receiving her M.S. degree from the University of Chicago in 1925, she was instructor in the Indiana University for one year. From 1920 to 1924 she was connected with the Francis T. Nicholls Industrial School. Miss Cooley has taught in the Louisiana high schools. In 1926 she became a faculty member of this institution.

THE HEADS OF

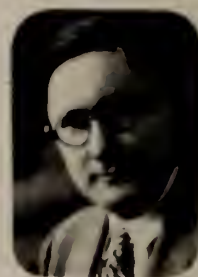

PHYSICS: PROFESSOR FRANCIS GARY FOURNET, B.S., M.S.

F. G. Fournet, head of the Physics Department, is a most unusual and interesting professor. Under his guidance a study that usually holds no special place in a student's list of desirable subjects becomes very interesting. The Physics department has done much work in the past year in the study and operating of radios. Professor Fournet, who has capably headed this department for several years received his B.S. degree from the Louisiana State University in 1912 and his M.S. degree in 1913. During the summer of 1920 he did graduate work at the University of Texas. From 1912 to 1913 he was Instructor at the Louisiana State University after which time he accepted a position with this institution.

AGRICULTURE: PROFESSOR ALBERT A. FREDERICKS, B.S., M.S.

Distinct seriousness of effort has marked activities of the past year in the agricultural department. The activities have been directed in a manner that has characterized a spirit of reality and fortitude. Professor Fredericks is well qualified to hold the responsible position as head of the department of Agriculture. He received his B.S. degree from the Louisiana State University in 1912, and his M.S. degree in 1926. From 1918 to 1920 he was connected with the United States Department of Agriculture in the Dairy Division. In 1920 he accepted a position on the Normal College faculty.

GEOGRAPHY: PROFESSOR JOHN S. KYSER, A.B.

The geography students no longer study from text books alone, but correlate their text knowledge with actual observation. Field trips are often taken to places noted for their unusual earth formations. Professor J. S. Kyser, head of the department of Geography, received his A.B. degree from the University of Michigan in 1920. He did two years graduate study at the University of Chicago and attended the University of California during the fall of 1929. In 1923 he accepted a position with the administrative staff of the Louisiana State Normal College.

MATHEMATICS: PROFESSOR AUGUSTUS C. MADDOX, A.B., A.M.

Mathematics is usually considered one of the most difficult courses offered in the Normal College. Students that finish in this department are well prepared to face the rounds of obligations and accomplishment which await them in the outside world. Professor A. C. Maddox has capably supervised this department for several years. He received his A.B. degree from Hendrix College in 1910, his A.M. degree from Columbia University in 1916 and did graduate study at the University of Texas during the summer of 1926. Mr. Maddox was teacher of Mathematics at the State Agricultural School, Magnolia, Arkansas, in 1913 to 1915; Southwestern State Normal School, Oklahoma, 1916 to 1918; and Assistant Professor of Mathematics in Oklahoma A. and M. College from 1919 to 1920, at which time he accepted his present position with the State Normal College.

EDUCATION: PROFESSOR L. J. ALLEMAN, A.B., A.M.

The department of Education has admirably carried out its work for the year. This department prepares the future teachers to face the puzzling situations that arise in a class room of students with individual differences. Professor Alleman, head of the department, received his A.B. degree from the Christian Brothers' College in Tennessee in 1892. He graduated from the Louisiana State Normal in 1898, receiving his A.M. degree from the Louisiana State University in 1929. He has acted as Principal of public schools, parish superintendent and State institute conductor. In 1919 he accepted a place on the administrative staff of the State Normal College.

DEPARTMENTS

LIBRARY SCIENCE: Miss SCHARLIE RUSSELL, A.B.

Library Science teaches the use of the library and methods of filing materials and books for library usage. An evidence of the increased seriousness on the part of the students has been noted by a decided rise in the amount of reading. Miss Russell graduated from the State Normal in 1889 and received her A.B. degree in 1928. She was a student in the University of Chicago in 1909 and 1910. In 1930 and 1931 she did graduate study at the Columbia University School of Library Service. After teaching at St. Mary's Academy in Raleigh, North Carolina, in 1907 to 1909, she accepted her present position as a professor at the Louisiana State Normal College. At present she also serves in the capacity of Librarian.

COMMERCE: PROFESSOR N. B. MORRISON, A.B., A.M.

The commercial department, though younger than other departments, has developed a surprising enrollment. Students from every department in the college pursue courses in either typing or shorthand, which greatly aids them in completing other departmental assignments. Professor Morrison, head of the department, received an A.B. degree in 1923 from the College of Emporia. He served as Head of the Commercial Department in the Junior College at Iola, Kansas, from 1926 to 1929. In 1930 he received his M.A. degree from the University of Iowa, accepting a position with the State Normal College the same year.

PHYSICAL EDUCATION: DR. CHARLES C. STROUD, A.B., M.D.

To help students develop bodies that are physically wholesome, mentally stimulating and satisfying, and socially sound is the aim of all physical education directors at Normal. Under the capable guidance of Dr. C. C. Stroud, head of the department, this aim is being realized. Dr. Stroud received his A.B. degree at Tufts in 1894 and in 1898 received his M.D. degree. He was head of the Physical Training Department at Tufts, the University of Rochester, and Mercer University. Prior to his accepting a position on the Normal staff in 1924, he was athletic director and professor of history at the Louisiana State University.

LATIN: PROFESSOR R. W. WINSTEAD, A.B., A.M.

The Latin Department is one in which the students receive more than a mere knowledge of the language. Latin correlates with most every curriculum in the college. Professor Winstead, associate professor of Latin, received his A.B. degree from Peabody College in 1902 and his master's degree in 1930. He was principal of high schools in Tennessee, Alabama and Louisiana until 1908 when he accepted a position at the Louisiana State Normal College.

FRENCH: Miss G. PORTRE-BOBINSKY, A.B., B.S.

The study of French is made interesting by a vivacious professor from across the sea. The lessons do not deal entirely with translation and grammar drills; a large part of the term is spent doing projects of individual interests. Miss Portre-Bobinsky received a diploma from College de Perigueux, France, 1917. In 1922 she attended George Peabody College for Teachers, in 1932 receiving a B.S. degree. The summer of 1932 was spent there also for graduate study. Miss Portre has been instructor of French at Blackdown School, Wellington, England, and at Sandgate, Kent, England, during the years 1917 to 1919. She became a member of the Normal faculty in 1925.

T H E D E A N S

AS Dean of Instruction of the Louisiana State Normal, Dr. Ford has won the respect and confidence of the faculty and the student body. He is well qualified for the position he holds. He graduated from the Louisiana State Normal in 1910 and received his A.B. degree from the Louisiana State University in 1924. His master's and doctor's degrees were both received from the George Peabody College for Teachers in 1926 and 1931 respectively. After serving as assistant superintendent and classroom supervisor of Calcasieu Parish from 1913 to 1928, he accepted a position as assistant Professor of Education on the Normal faculty. In 1930 he was associate Professor of Education and Dean of Instruction. In 1931 he was appointed to his present position. Dr. Ford has proved his competency by solving wisely and carefully the many and various problems that have confronted him.

This past year Miss Dean Varnado was chosen again to serve as Dean of Women. She entered this college as a student in 1895, graduating from Normal in 1899. After receiving her A.M. degree from Columbia in 1905, she became definitely connected with this institution. Miss Varnado was Dean of Women at the State Normal from 1914 to 1922. In 1919 she received a special diploma, teaching history, from Columbia University. From 1923 to 1933 Miss Varnado was Professor of History, resuming her present position in 1933. Probably no one is qualified to guide the women students so well as she. The situations and problems that arise are the same ones she has dealt with in the past years and each time has settled satisfactorily. Miss Varnado is adapted to her work; she is a conscientious and lovable advisor. Only gratitude and appreciation can be felt in the heart of each woman student for the personal guidance she has received.

Professor Heald, although new in his present position as Dean of Men and head of the Bureau of Student Activities, has proved his ability to cope with any situation that may arise within his jurisdiction. Not only is he capable of the trust given him as Dean of Men, but he has enthusiastically attacked each unsolved problem with an unreserved vigor and determination. Professor Heald received his A.B. degree at the Iowa State Teacher's College in 1916 and his M.A. degree at the Iowa State University in 1923. He has had graduate study at the Louisiana State University, attended the summer sessions of the University of Iowa in 1928 and 1929, acted as superintendent of the public schools of Iowa and was instructor in the Iowa State Teacher's College during the summers of 1916 to 1920. Professor Heald started his work at this college in 1923.

OLD BULLARD HOME AND CONVENT BUILDING

FIFTY YEARS OF
• PROGRESS •
AT NORMAL

THE BULLARD HOME

HISTORY OF LOUISIANA STATE NORMAL COLLEGE

FOUNDING

On July 8, 1884, in the state Legislature of Louisiana, a law was passed which provided for the creation of the State Normal School, and a small appropriation was made for its support. The State Board of Education decided that Natchitoches was best suited for the location of the school, and the grounds formerly used by the Convent of The Sacred Heart were presented them for the site.

GROUNDS AND BUILDINGS

The first building on the site of what is now the campus of the Louisiana State Normal College was a beautiful plantation home built in 1832, and owned by the Bullard family. The four historic columns which remain on the campus were a part of this building.

In 1857 the Catholic Order of The Sisters of the Sacred Heart purchased the property from the Bullard estate for a convent and erected a large brick building, later called the Convent Building. During the War between the States the school was suspended, and the building was used as a hospital. These two buildings were used for many years as the physical plant of the school and many fond memories and stories are recalled by those who went to school and lived in them.

In 1894, East Hall was built. This was the dormitory about which many legends have been handed down. On its third floor was supposed to have lived the ghost of a beautiful nun who moved there when the old convent building had been torn down. East was demolished in 1927, and ingenious students undertook the moving of the ghost to old Brown Building, now the music building.

Other buildings have followed through the years, and the College is today a modern plant that can be seen from the aerial view on page 35.

DEAN VARNADO

COEDS OF YESTERYEARS

ADMINISTRATION

There have been many personalities connected with Normal history who have helped to mold its character and worth. Each of its presidents served Normal well, taking it forward through the years. The first president was Dr. Edward E. Sheib, who opened the school on November 1, 1885, with twenty-seven students and a faculty of three, including himself. In 1888, Dr. Sheib was called to the University of South Carolina, and Thomas Boyd was elected to the position, which he held for eight years, at the end of which he became president of the Louisiana State University. At this time, a beloved member of the faculty, Mr. B. C. Caldwell, was unanimously elected to the presidency. He retired from office after twelve years of service. In July, 1908, Jame B. Aswell was elected to succeed Mr. Caldwell as president. Mr. Aswell was president for three years, after which he had a long and brilliant career as representative from Louisiana to Congress. Mr. V. L. Roy succeeded Mr. Aswell and was president of the College until 1929, at which time he resigned, and President W. W. Tison, who had long been associated with the College as both student professor, was elected to succeed Mr. Roy.

W. W. TISON

OLD BUILDING AND STUDENT BODY

FACULTY AND ALUMNI

It is difficult to try to name all the prominent personalities who have been connected with the Normal faculty. However, the following have been taken from the annuals and history of the college as having projected themselves above all for their continued service to Normal:

Professor Alby L. Smith was training teacher and institute conductor for ten years. It is in his honor that the Alumni Association Scholarship Fund was established; Professor R. L. Himes who helped to develop student activities on the campus through organization of S. A. K., first literary society on the campus; Miss Bessie Russell, a teacher in the training school for many years, and the first president of the Alumni Association; Professor E. L. Stephens, one of Louisiana's prominent educators, now president of S. L. I. at Lafayette; Miss Agnes Morris, who became widely known in the state through her service in institute and Chautauqua work; Mrs. Lizzie Carter McVoy, now associate professor of English at Louisiana State University, will long be remembered for her strong personality and ability as a teacher; two other noted teachers connected with the Normal were: Miss Henrietta Lewis and Miss Jessie Bowden (who is now Mrs. J. E. Stephens, of Natchitoches, La.), Professor H. E. Chambers, who is well known for his works of Louisiana history, was a member of the faculty from 1899 to 1901.

Of the present faculty, there are a number who have been closely associated with Normal history for many years. Miss Dean Varnado, the present Dean of Women and member of the history faculty, has been known and loved by many Normal students. Miss Scharlie Russell, the librarian, has served in this capacity for many years, and has been responsible for the immense growth of this part of the college. Dr. J. E. Guardia, who has charge of the plans now being made for Normal's celebration of its fifty years of progress, is a graduate of this college, distinguished for his interest in Louisiana geography and

Natchitoches history. Miss Martha Feltus can be remembered for her many years of faithful service to the unique literary societies which played such an important part in Normal history. Mrs. Williamson (Orra Carroll), Mr. Winstead, Miss Augusta Nelken, and Mr. Fournet have also seen many years of service to Normal. Coach Prather celebrated this year his twenty-first year of association with the athletics at Normal.

The person who has the distinction of being on the Normal faculty for the longest period of time is our Mr. George Williamson. As this book goes to the press, Normal is making plans for the building of a museum to house the wonderful collection of Indian relics which Mr. Williamson has so ardently gathered together during his life time. This museum will be a fitting memorial to the life of this man whose years of service to Normal will ever be commemorated by the Williamson Memorial Museum.

President Tison was a graduate of this institution, and was for many years head of the chemistry department of this college before becoming its president.

ALUMNI

Normal boasts of many famous alumni, many of whom have become leaders in the field of education in this state and others. Some few of these are: Mrs. Mattie O'Daniel Rinsland, Mrs. Bertha Cooke Sanders, Dr. R. K. Nabors, Merle C. Taylor, Mrs. Dorothy Reagan Wheelis, Miss Roberta Newell, Hon. T. H. Harris, Charles F. Trudeau, John M. Foote, Dr. M. C. Robertson, A. M. Hopper, and Mr. J. W. Bateman.

Others of the alumni have gone into the other professions, and the names of Normal graduates may be read in the annals of law, medicine, business, military science, religion, and other important professions.

ATHLETICS

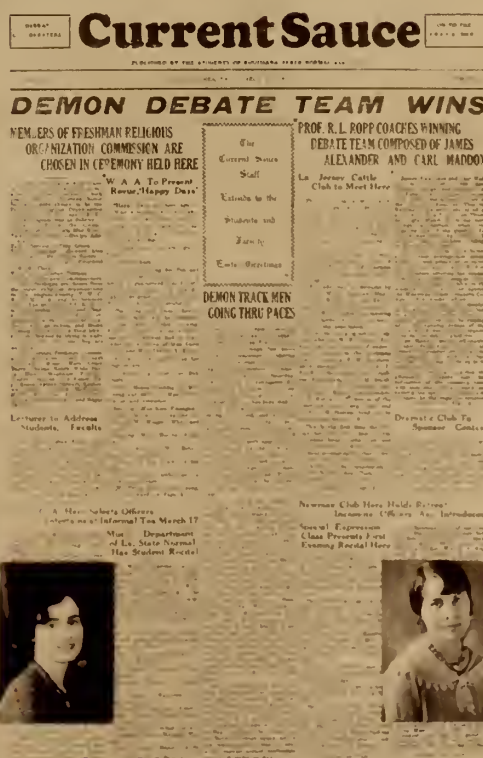

When the College is celebrating its fiftieth birthday this year, Coach H. L. Prather will have reached his twenty-first year as a director of Normal athletic teams. "Coach," as he is affectionately called, has produced some of the finest teams ever to perform in this state. The outstanding football machines were those of 1920 and 1932, the former had as its offensive spark plug our present Assistant Coach, Harry Turpin. The last mentioned team was composed of such well known linesmen as Charles West, Merrill Gallion, Ray Miller and Doakey Wimberly; its backfield stars were Gainnie Hyams, "Faize" Mahfouz and George Heard. Passing from football to track, we find a champion relay team representing the Normal for the past five or six years, the present S. I. A. A. hundred yard dash record holder, Erskine Cook, and several third places in the S. I. A. A. track and fields meets. Basketball teams perhaps best represent the consistency of our teams. Normal has never had a poor team in this sport. The best combination was probably the one which represented us during the War days. Leroy S. Miller and E. B. Robert were the mainstays of that great five. Dr. Stroud took over the duties of baseball coach after "Coach" Prather had turned out John Paul Jones, who went directly from here to the Texas League and then to the New York Giants. At the present time, Normal is represented in professional baseball by "Big Boy" McKellar, former Normal "fence buster." So, as the College has progressed, our athletics have moved on, and today they rank with the best.

PUBLICATIONS

The POTPOURRI and *Current Sauce* have long been a source of pride and joy to both the resident students and the alumni who helped them in their infancy. Of the two, the *Current Sauce* is the older notwithstanding the fact that the POTPOURRI is now twenty-five years old, or, we might say, half as old as the College. It is hard to evaluate the worth of either of these publications except to say that they are filling a need in the Journalistic field that would otherwise remain barren. The *Current Sauce* has recently joined the National Student Press Association and since its affiliation with that organization, the *Current Sauce* has offered the students, besides the regular four pages of news, a four page rotogravure section of views and interesting individuals from other campuses. The POTPOURRI has gradually become a work of art, not only in the literary field but in the field of artistic reproduction. The POTPOURRI compares favorably with the yearbooks of all the best schools, and our 1931 book was picked as a prize winner in its division of the Alpha Phi Gamma yearbook contest. Miss Margurite Teer was the editor and R. L. Ropp was the adviser of the prize annual.

ATHLETICS

AS the 1933 season draws to a close, it is fitting that tribute be paid to Coaches Prather, Turpin, and Nesom for the work they have done in producing consistently winning teams in the four major sports of basketball, football, track, and tennis. In 1930, the Demons emerged as champions of the Little Four in football, runner-up to Centenary in the S. I. A. A. basketball tournament, runner-up to L. S. U. at the Southwestern Relay Carnival, and runner-up to Louisiana Tech at the District S. I. A. A. Track and Field meet. The Demons repeated as champions of the Little Four in 1932, and were not scored on by any of the Little Four opponents. They finished in third place at the S. I. A. A. basketball tournament and were again second to Louisiana Tech at the District Track and Field meet. On the football field, Coach Prather's teams have been consistent winners, Coach Turpin has produced record-smashing dash men and relay teams on the cinder path, and the basketball teams have been in the championship class every season.

On the courts the Demon racquet-wielders have made a splendid record. They have

AT NORMAL

defeated every team in the Little Four in dual matches in the past three seasons.

Each year, Normal sends her graduates into the state to teach the same type of clean play and hard fighting ball that they are taught in athletics here. Normal alumni who coach in the state have made splendid records. Happy Cornish, whose Bossier Bearcats went to the finals for the North Louisiana championship, and Joe Mount, who coached his Dubach team to the finals in "B" class, are examples of the splendid men sent into the state by Normal's athletic coaches.

Under the leadership of Mrs. Kyser and Miss Henry, Women's Athletics have steadily increased as an important part of the athletic program at Normal. An annual inter-class basketball tournament is held, also a track meet. The women have each year placed strong representative teams on the tennis courts, and interest among the women students has steadily increased.

The men leaving this year join with those already in the Alumni and with Normal students and faculty in wishing the coaches and their men the best of success in the future.

THE FOOTB

With a record of five wins, three defeats, and one tie, the Demons closed another successful season on the gridiron.

NORMAL-CENTENARY — Opening the season against one of the nation's most powerful teams, the Demons gave a good account of themselves by holding the Gents to an 18-0 score.

NORMAL-EAST TEXAS TEACHERS—The Demons and the Yellow Jackets fought to a scoreless tie in a sensational game. The advantage in first downs went to the Demons by the count of 8 to 5. The East Texas Teachers emerged as winners of the T. I. A. A. championship.

NORMAL-DELTA TEACHERS—The boys from Mississippi were trampled by the Demons who showed themselves to be a great offensive team, rolling up 43 points, while the Delta aggregation could only number six.

NORMAL-LOUISIANA COLLEGE—Playing on a muddy field, the Demons combined a strong running attack with passing to defeat the Cats, 25 to 0.

NORMAL-LON MORRIS — A fighting group of Texans threw a scare into the locals who managed to beat them, 19 to 8, after one of the hardest struggles of the season.

ALL SEASON

NORMAL-TECH—Doped to defeat Tech by two or three touchdowns, the Demons suffered their second loss of the season. The Demons out-gained the Bulldogs, but couldn't advance when they hit pay-dirt, so Tech emerged on the long end of a 6 to 0 count.

NORMAL-STEPHEN F. AUSTIN—Smarting from the defeat handed them by Louisiana Tech the week before, the Demons ran rough-shod over the Lumberjacks and defeated them, 39 to 0.

NORMAL - MISSISSIPPI TEACHERS — Doped to lose their game, the Demons out-charged and outfought the Hattiesburg collegians to defeat them, 12 to 0.

NORMAL-SOUTHWESTERN — Minus the services of Hyams, a handicapped Normal eleven fought back the charges of the best team to ever represent S. L. I. Fumbles and failure of the offensive running plays to click cost Normal the game. The third loss of the season was suffered by the count of 10 to 2.

The Demon circles the Bulldog's end

GALLION—For the second consecutive year Merrill received honorable mention for the All S. I. A. A. team and he really deserved it. A big powerful tackle who knows the game and plays it.

MAHFOUZ—Five feet four and one-half inches of blocking machinery. He was poison to a tackle or end and did a good job of running the team from the quarterback berth.

PORTER—Although injuries kept him out of play during the early part of the season, he finished strong, playing one of the best games any lineman ever played in the Turkey Day game against Southwestern.

HEARD—A big, hard running back who also shared the kicking and passing assignments. He played the game for all it was worth and will be back again smashing lines next season.

The Bulldog is stopped at the line of scrimmage

LAMBRE came through this year to cinch a place on the starting line-up although handicapped by an injury sustained in the season of '32. He played a steady consistent game at end and very few teams were able to send a play around this boy.

BAUCUM—Snakehips showed good judgment when called upon to direct the team. Possessing plenty of football sense and a good passer, we expect to see much of him in '34.

BOUCHER—What he lacked in weight he made up for in fighting ability and stamina. The most conscientious man on the team, he played a slashing type of end and played it well.

CAMP—Coach Curtis Parker of Centenary said that Camp was All-American the day the Demon met the Gents. An accurate snapper-back, one of the greatest defensive centers Normal has ever had, he was rarely out of play.

Heard gets off a nice one

WARD—He lived up to his reputation made in prep school as a member of the championship Haynesville team. An aggressive guard, and excellent interferer, Willie enjoyed a great season.

? WHITTINGTON—The "Toy Bulldog" is exceedingly fast for his size, is a good blocker and should be a valuable man to fill in the gaps left by graduation.

WIMBERLY—Doaky Wimberly was a "Jack of all positions" yet the master of any assignment. Possessing what coaches term "football sense," he

was rarely out of a play, and on several occasions he found added to his own responsibilities those of the entire team as Coach had named him captain. (Wimberly edited this section of the PORPOURRI and is responsible for everything herein except the above.)—W. J. DODD.

HYAMS deserves a niche in Normal's football Hall of Fame. A great running back who could also kick and pass with the best of them. His play was little short of sensational and he was good enough to circle All-American Geisler's end for thirteen yards.

Southwestern kicks off

? FULTON—Dudley who didn't know what a football was until he came to Normal, developed into a consistent hard charging player. He was used at both tackle and guard and should find a regular berth in '34.

FLETCHER—This "rabbit-back" could really circle an end. Fast and shifty he should be hard to handle next fall.

? CHARLEVILLE—Bill came through to make good his first year on the varsity. He was a hard-charging end and the best pass receiver on the team.

CLAYTON—Jack was another Sophomore back to make good his first year up. His best work was on the defense. We will be looking at you next year, Jack.

The regular line-up

LETARD—Johnnie served his first and last year on the varsity. A product of Southeastern, he showed up well as a defensive end. We regret that he doesn't have another year.

? TURNER—This little man substituting for Camp proved that a good little man is a good man, and won the coveted "N"—an award that he really deserved.

MAXEY—A big fellow who proved himself to be a capable guard. With a little more experience, Jack should develop into a good man.

? ROWZEE—Fred was handicapped by a shoulder injury, but when in good physical shape, he proved himself to be a good line smasher. With the injury jinx permitting, he should be a good running back next fall.

Between the halves

YOUNG—Lawrence came through in his last year as one of the most reliable men on the squad. His best work was done on the defensive and we all regret that this was his last year.

MAXWELL—A conscientious hard working player who blocked and ran with the best of them. He is one of the best pass defense men Coach has ever had.

FROSH SQUAD

The 1933 edition of Coach "Rags" Turpin and his assistant, Rivers Nesom, of the Normal Imp football team was one of the best to ever perform on the Demon field. Coaches Turpin and Nesom introduced the famous "Jones Shift" to Normal, and the Freshmen, before the end of the season, were moulded into a smooth working combination. Their season was successful from the standpoint of games won and lost. The Imps defeated the Louisiana College, 13 to 0, and Louisiana Tech, 20 to 0. In one of the most sensational games played this year the Imps and Southwestern Bullpups battled to a 20-20 tie. They were defeated by the Junior Gents of Centenary, 15-6.

NESOM

From the squad comes a collection of potential individual stars, including: Vaughn, Slack, Jackson, Covle, Hilburn, and Hebert, linemen; and Domingue, Piazza, Moss, and Bankston, backs. Caldwell, pony backfield man, also showed to be a varsity man in the making. Next year, Coach "Rags" Turpin moves up to the position as varsity mentor with Coach Prather, and Coach Nesom will succeed him as the Frosh tutor.

Varsity » »

BASKETBALL

COACH PRATHER'S Demon five ended the 1933-34 basketball season with a record of thirteen wins and ten losses. The conference standing at the end of the regular season was nine wins and six losses. The Normal five was again invited to represent their district at the S. I. A. A. tournament held in Jackson, Mississippi. The first game was lost by the score of 43-41 to Berea College of Kentucky. Berea advanced to the finals and lost a close game to Western Kentucky Teachers.

Coach Prather was faced from the beginning of the season with the problem of finding the best combination in a large squad. It was not until near the middle of the season that he was able to make this selection, and from that time on the team was handicapped by injuries. Perkins and Doughty both were lost to the team for about two weeks near the end of the season. It would be unjust to both the coach and members of their team to say that it fell below the average Normal quintet. Injuries, too much material making it difficult to find the best combination, and other things attributed to many of the losses.

The team was a question which was never answered during the entire season. The men playing regularly were good in their respective positions and had it not have been for injuries their team of 1933-34 might have gone down in Normal's athletic history as one of its greatest.

THE VARSITY

DOUGHTY—"Pug" lived up to his record in high school where he made the all-American team as a member of the Jena Giants. Enjoying his best season since he came to Normal, the big center was a consistent scorer and the best floor man on the team.

PETE TULLOS—Twice selected on the all-S. I. A. A. team, Tullus ended his career at Normal as one of the best all-round basketball men to ever play for the Demons. He was the best scoring player on the team, possessing a wonderful eye for the basket. He was Coach Prather's choice for captain in many of the games.

BALCOM

DUPREE

W. TULLUS

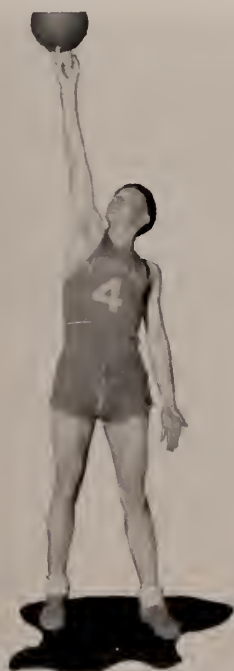

PERKINS—Although handicapped by injuries for the last half of the season, Bill was a great asset to the team. He enjoyed playing the game and gave everything when he was on the floor. He was good at sinking long shots and an excellent defensive forward. When the roll is called for basketball men next year, Bill will be missed greatly.

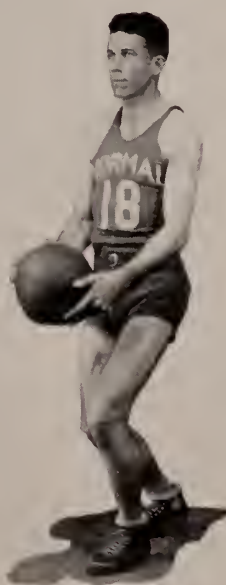

BASKETBALL

BAUCUM—The only sophomore on the club to make good his first year up. "Snaky" proved that he was a good defensive man and helped the team's offense by sinking long ones. He has two more years and should develop into a great guard.

DUPREE—Dick saw service as a regular guard along with Baucum and was the only Junior to make good on the varsity. A hard worker, he hustled every minute he was in the game and he was seldom out of it. He will be back next year to help with the building of the 1934-35 team.

DOUGHTY

P. TULLOS

PERKINS

ELMO TULLOS—Serving as an understudy for Doughty at center the youngest of the three Tullos brothers proved that he will be a valuable asset to Coach Prather's 1934-35 edition of Demon basketeters. (*Editor's Note: No picture made.*)

WOODROW TULLOS—Finishing his last season on the hardwood court, "Little-One" enjoyed his best year with the Demons. Serving as a forward and a capable understudy for his brother and Perkins, the smallest of the Tullos boys was one of the best hustlers and the most conscientious player on the squad.

BORDELON, CHARLEVILLE, H. PIERSON, E. PIERSON

THE TENNIS RACKET

The 1933 Racquet Wielders of Normal met and defeated the strong Centenary Clay Court Champions, seven matches to one. The Demons then dropped a close decision to the Louisiana College Wildcats, four to three. These same Wildcats were saved a "furring" several weeks later when the Pierson Twins were halted by rain after they had won three straight matches from these well-known "meows".

The prospects for 1934 are extremely bright and Coach "Rags" Turpin has scheduled several matches, both on the home courts and away. He is pinning his hopes on the experience and ability of four veterans who were left from last year's crack squad. They are Henry Pierson, Edgerton Pierson, Elton Bordelon, and Bill Charleville. New-comers who show promise are Kier Maddox, Malcolm McLean, Leon Fontenot and Johnnie Letard.

SEWARD

JOHNSON

MILLER

TRACK

Although handicapped by the loss of Cook, the S. I. A. A. Conference dash champion, Coach "Rags" Turpin's 1933 edition of cinder path performers for Normal turned in a creditable record. The first meet of the season scheduled at Nacogdoches, Texas, where the Demons were to meet the S. F. A. Lumberjacks, was rained out. Against the Bulldogs of S. L. I., the Demon spikemen managed to win a close meet, 62-58, the mile relay deciding the meet. Heard, who ran the quarter, half-mile and served as the anchor man of the relay team, along with Seward and Miller, were the outstanding performers against the Bulldogs.

Against Louisiana Polytech, the Demons ran into stiffer competition when the Canines from Ruston took the Demons into camp in their own backyard.

HEARD

CHESHIRE

MILLER

SEWARD

BERTHLOT

RICKEY

GRANIER

In this meet, Seward set a local record in the javelin throw, tossing the stick 182 feet, 6 inches. The L. P. I. spikemen went on to cop the district meet at Pineville.

In the district meet, the Demons finished second, with L. P. I. taking first place. The relay team for which Normal has always been noted again repeated as a winner.

Outstanding performers for the season were: Granier, mile and two-mile; Seward, javelin, 100-yard dash, 220-yard dash and mile relay; Heard, 440-yard dash, 880-yard dash, mile and relay; Rickey, pole vault, high jump; Miller, 440-yard dash, 220-yard dash and relay. The mile relay team was composed of Seward, Miller, Heard, with Cheshire, Boucher, and Webb as alternates. The Frosh team sends up promising material in Rowzee, Hoyt, Charleville, and Fletcher.

Front row: SEWARD, WILLIS, WEBB, HYAMS, YOUNG, HEARD, PALMER

Second row: GRANIER, PERKINS, MILLER

Back row: CHESHIRE, DONEY, BERTHLOT, WIMBERTY, JOHNSON, BARTON, RICKEY, FLETCHER, POUCHER

WOMEN'S ATHLETIC ASSOCIATION

●

The Women's Athletic Association is an organization which has for its purpose the development of the physical side of the Normal girl. All standard games are learned, played and appreciated by the members of this group. The competition afforded by the great number of contestants is not overshadowed by the will to win,

it is, on the other hand, subservient to the desire to let all compete and develop to their own individual limits. Many of the best girl athletes are members of the Physical Education department, but the membership in the Women's Athletic Association is limited to no one organization or curriculum.

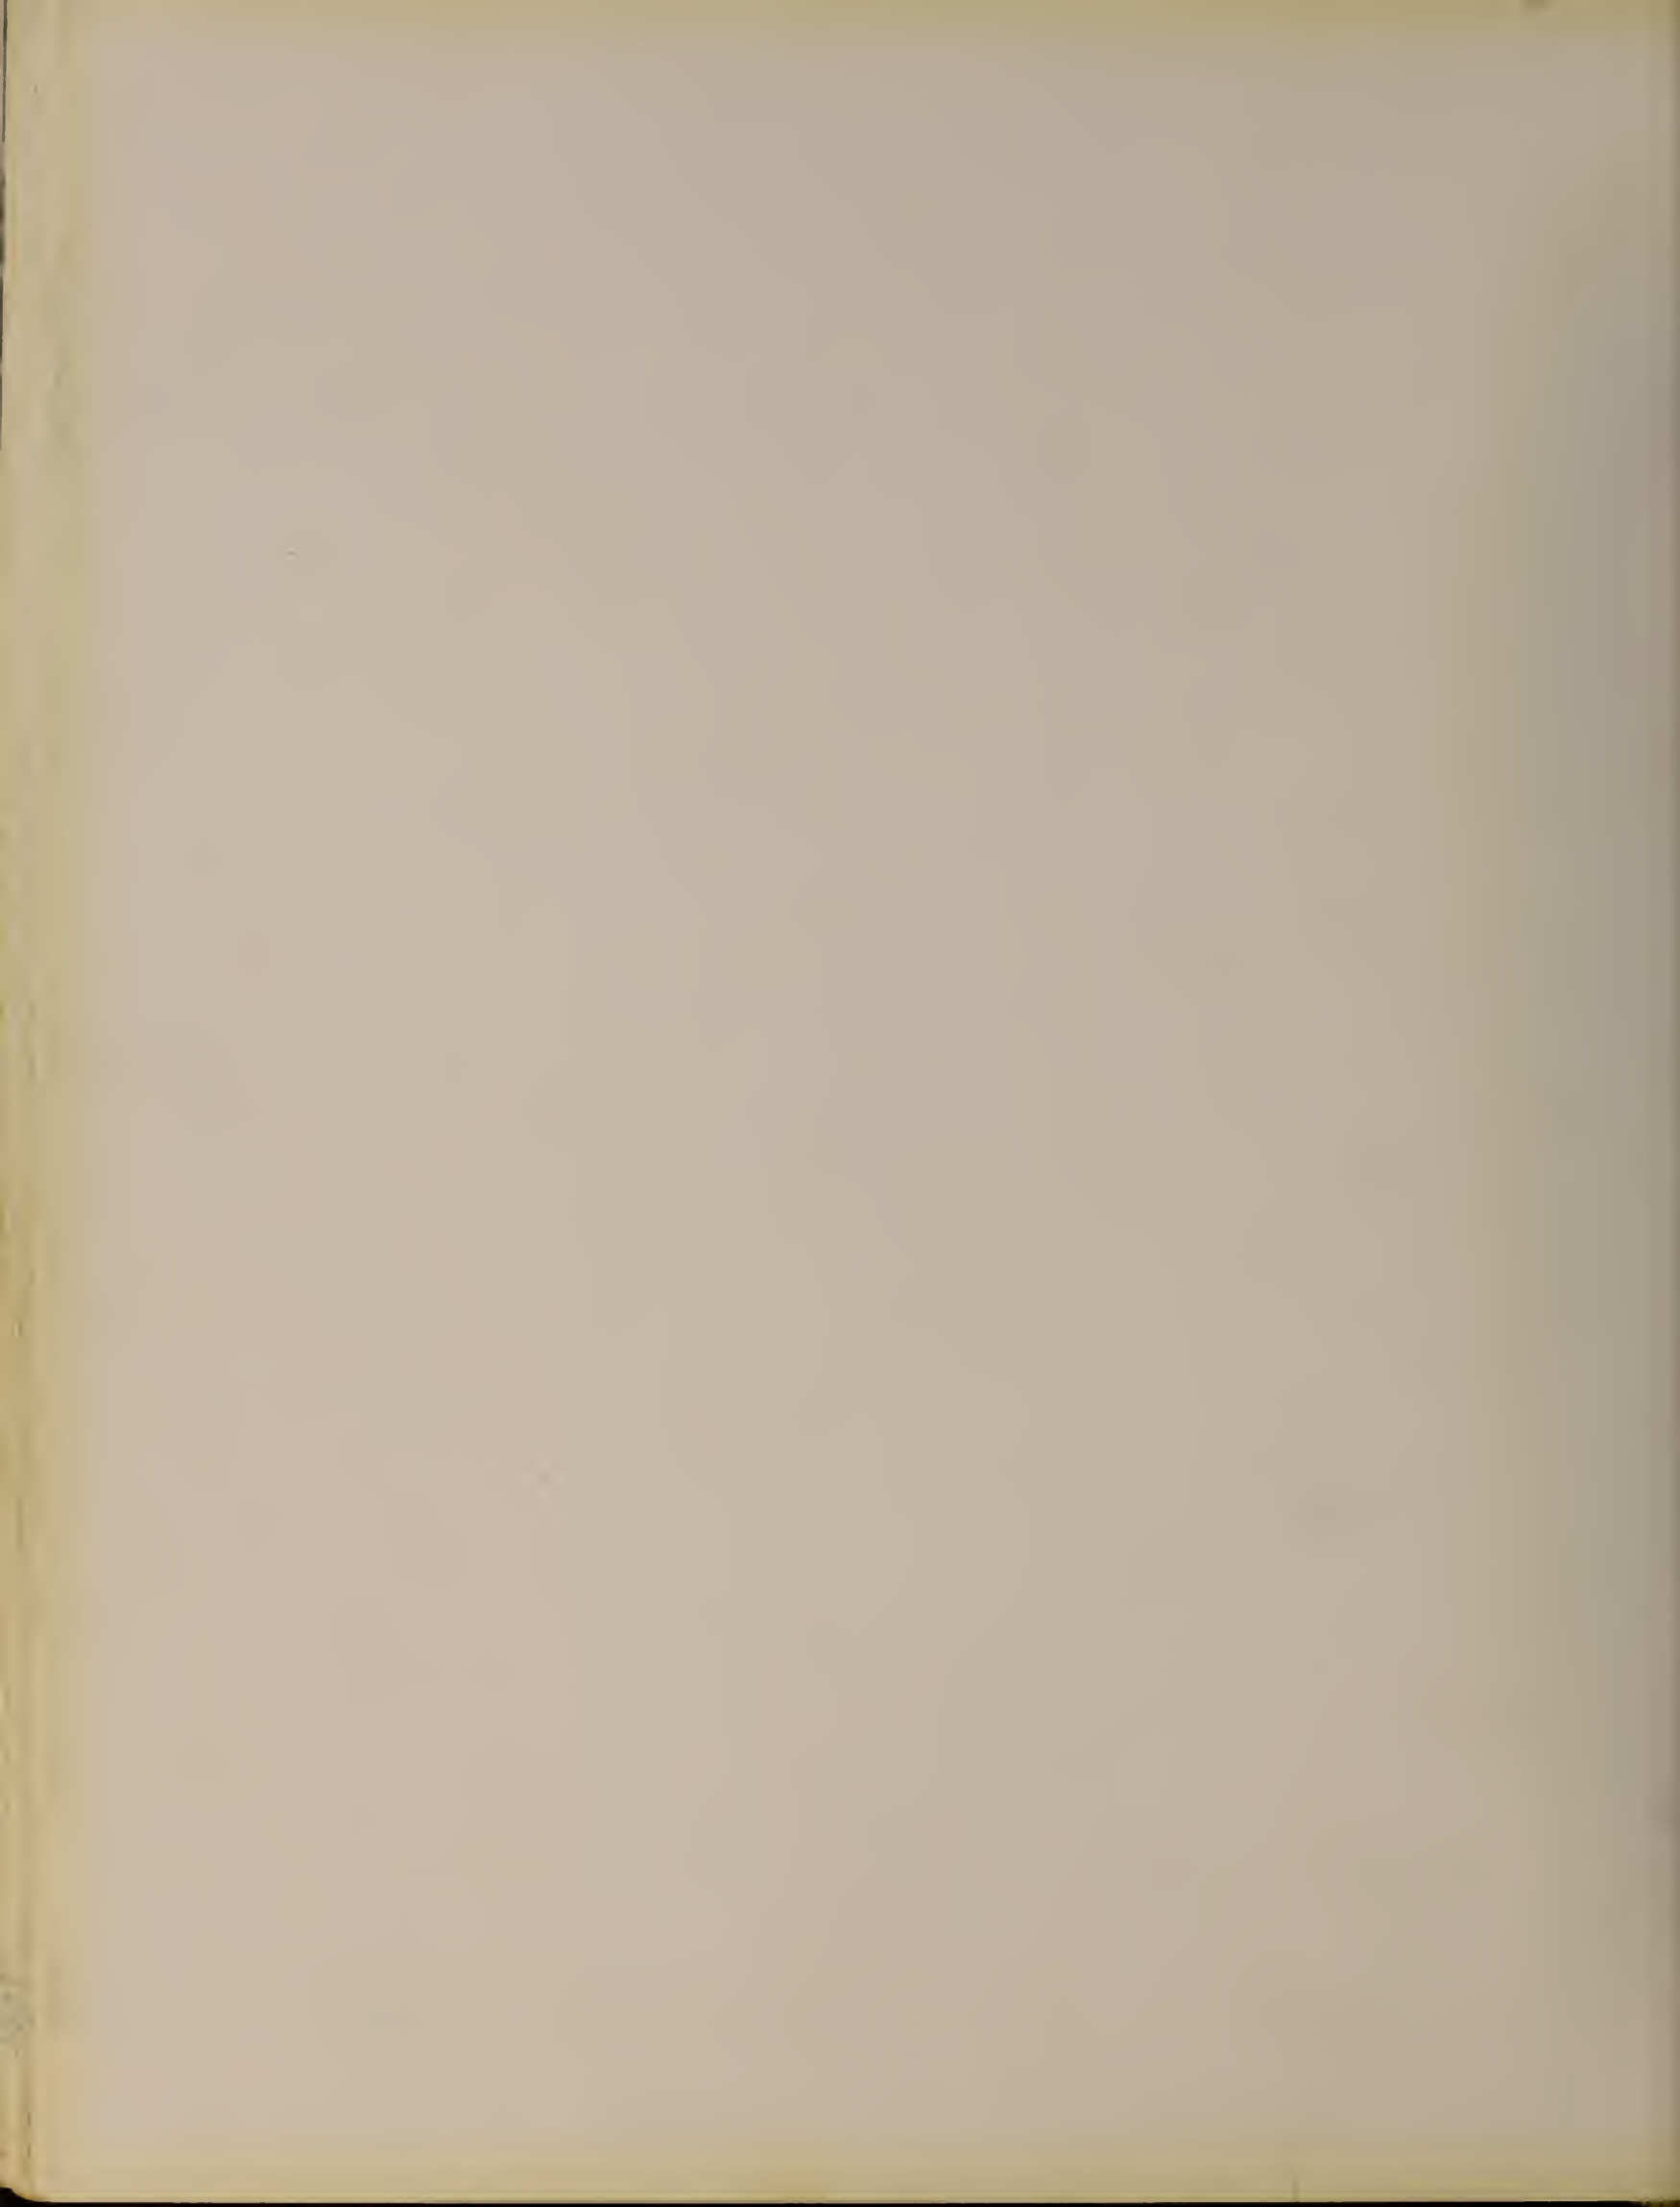

1. This is no dart of Cupids'.
2. Ready for competition.
3. A set without sitting.
4. The world's serious.
5. May West?
6. Half dozen raw.
7. Look out, hubby, she sails a wicked dish.
8. Tuck in a peaceful pose.
9. And what have you?
10. The other half.

1. How tales get started.
2. Not bad —?
3. A queen but no king.
4. How did you do it, Mr. Photographer?
5. Gems of the gym.
6. Sunburned Sam.
7. Look out, record.
8. Just before the main event.

Eta Chapter was founded at Normal in May 1931. Membership is limited to students who major in Chemistry or Physics. Such students must have earned 21 term hours in Chemistry or in Physics or both, and must average $2\frac{1}{2}$ quality points per term hour.

The purpose of the fraternity is: (1) to promote interest in the study of Chemistry and Physics; (2) to encourage a high standard of scholarship in these subjects; (3) to provide recognition for those attaining this standard.

DEBATE AND ORATORY

H. PIERSON, ODOM, GUNTER, BUTLER, E. PIERSON
FLOURNOY, BORDELON, WATSON, DODD, KERR, ROPP

Louisiana State Normal College debaters won ten of thirteen debates held during the 1933 debate season to establish what is believed to be a record in debating here. By virtue of victories over teams from Centenary College, Louisiana Tech, and Southwestern and a tie in series of four debates with Louisiana College, the local debaters were accorded champions of the state in smaller college circles.

FOLLOWING IS THE 1933 SCHEDULE:

MARCH 2

Southeastern State Teachers College of Durant, Oklahoma, at Natchitoches.

Noralee Butler and Alma Flournoy—Affirmative—Lost.

Henry Pierson and W. J. Dodd—Negative—Won.

MARCH 14

Louisiana College at Natchitoches.

Noralee Butler and Alma Flournoy—Affirmative—Won.

Eugene Watson and J. O. Gunter, Jr.—Affirmative—Lost.

MARCH 20

Louisiana College at Pineville.

Noralee Butler and Ruby Lee Odom—Affirmative—Lost.

Henry Pierson and W. J. Dodd—Negative—Won.

MARCH 23

Louisiana Tech at Natchitoches.

Noralee Butler and Ruby Lee Odom—Affirmative—Won.

Eugene Watson and J. O. Gunter, Jr.—Affirmative—Won.

MARCH 28

Centenary at Natchitoches.

Noralee Butler and Ruby Lee Odom—Negative—Won.

APRIL 1

Southwestern at Natchitoches.

Noralee Butler and Alma Flournoy—Affirmative—Won.

Ruby Lee Odom and Mary Arden Robert—Negative—Won.

APRIL 3

Louisiana Tech at Ruston.

Noralee Butler and Ruby Lee Odom—Negative—Won.

Henry Pierson and W. J. Dodd—Negative—Won.

The annual State Peace Oratorical contest for men and the State Oratorical contest for women were held at Louisiana State Normal College on April 28. Elton Bordelon won first place and a prize of \$60.00 in the men's contest. Mr. Bordelon spoke on *Peace—The Policy of Nations*.

M. C. C. LITERARY SOCIETY

Ain't it pretty?
Especially when I miss
you

Dear Eleanor:
Remember the
night Mrs Dean
let the freshmen
go to the show. On
the way back we
stopped at Duncay's
for a hamburger and
a beer.
We all have ever
remembered everything
I told you.

You dance your joyousness, wild, gay,
Your yearning for the goal you seek.*

*Tho' I am silent, I too know
I read your dance, I, watching, hear,
I understand your joy, and oh,
Your dark despairing, and your fear.*

*For, dancer, in your gestures gay,
Oh, thanks to you and to your art!
You dance the words I cannot say,
The hidden prayer within my heart.*

THE POT

In presenting this, the 1934 POTPOURRI to the students of Normal, we ask that you pause with us a moment in reflection. We would have you know that it has not been our purpose to create for you a "bigger and better" annual than ever before. We have not attempted to place between the covers of this book a glamorous, romantic picture of some

dream college, but we have in a small way tried to picture for you the kind of life that we lived while here on the Hill. We are hopeful that your approval of our completed work will justify our belief that we have discharged our responsibilities to you in a just and fitting manner; for our ambition has been to recreate that life and those incidents.

THE CURRE

We have tried to give to the Normal student in their *Current Sauce*, a newspaper in fact as well as in name. Much of the news which might have been published was never considered because of the fact that our paper was published only once every two weeks. We have, however,

given space to the best editorials obtainable, and re-enacted for our students the sports events that happened both here and on the road. The staff cooperated to the fullest extent and deserves most of the credit for the high type of news articles published in the 1933-34 *Current Sauce*.

BOOK

FIVE

Features

CONTRARY to practices of the past, the Editor has assumed the responsibility of selecting the beauties for the 1934 Potpourri. He has tried to disregard their personal popularity and political prestige by choosing from the twenty favorites those whom he considered most beautiful and attractive, both in the classroom and under the scrutiny of our holiday visitors. He has tried to delve a little deeper than the bare photograph which portrays only the outward attraction—friendliness, character and personality were considered. The Editor felt because he was personally acquainted with all these young women, that he was more qualified to make the selection than any movie star's corresponding secretary could have been.

Think me waiting on my
back? Well here goes!
May you have a successful
future in everything!

W H O ' S

THE president of a great American university is reputed to have made the following single statement on an occasion when he was scheduled to address the student body during a chapel service: "Among all the students before me this morning, there are only six whose names will be engraved on the tablets of success, to be remembered by posterity." That was all he said. With a gesture he dismissed the students, who, awed by the effect of the decree, filed out of the assembly hall in silence. Nor did the effect of this pronouncement die with the occasion; but months afterward, it is said, students of that university could be seen with heads lifted high and eyes gleaming with a determination to make their lives count.

So it is true in every college and university in America today. Only a few of those in each college or university will become truly great.

RUBY LEE ODOM

HENRY PIERSON

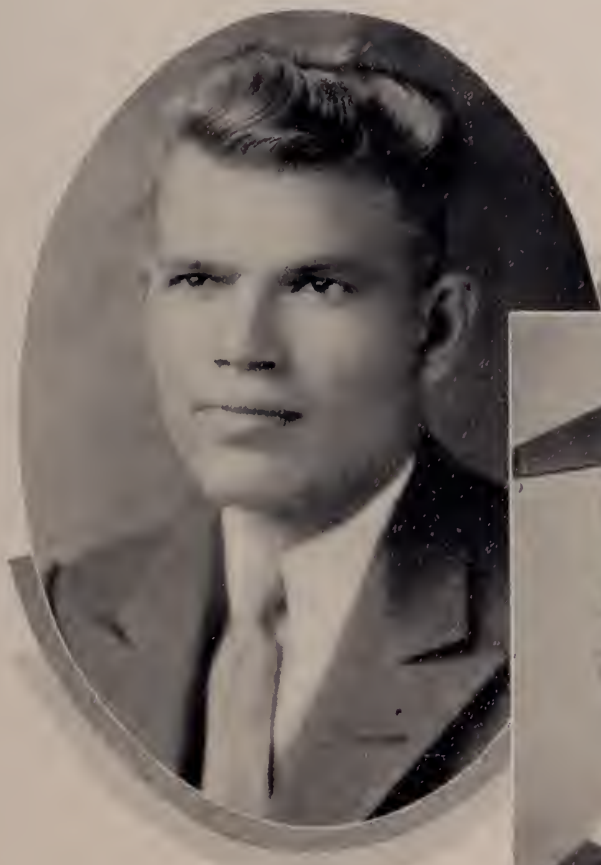

MYRTLE PINE

W H O

In the selection of those leaders whose names appear in *Who's Who* of the 1934 Senior Class of Louisiana State Normal College, no attempt was made to prophesy the future of those who will graduate in June. Such an undertaking would have been too problematical. An attempt has been made, however, to select from among the members of the senior class six students who, by virtue of their character, personality, scholarship, loyalty, achievements in students' activities, and standing among their fellows, have excelled during their four years of college life. Others of the class may achieve greater success than these beyond the walls of the college, but it is the unanimous decision of the faculty committee who chose the six young women and men whose pictures appear on these pages that they merit this honor and distinction.

Student Life

1. Teacher, teacher!
2. Yes, it's spring again.
3. Four souls without a single thought.
4. Don't be like that!
5. Just grinnin' at you.
6. Who's afraid of the Big Bad Wolf?
7. They don't care what time it is.
8. Even the telephone post can't stand it!
9. Lambre has Moore.
10. Business Manager collects.
11. How does he like the Sirmon?
12. Miss Dean—the dean.
13. She got her man!

1. Is this Normal?
2. Why the ball?
3. Ready to go to college.
4. Lonesome?
5. Why men take music!
6. Let's have some bran for a change.
7. Are these students?
8. Two different kinds of birds.
9. Light conversation.
10. You name it, we take it!
11. The first POTPOURRI is sold—on credit!

1. What a-men!
2. Where's the rest of your party, Willie?
3. The missing links!
4. The depression hit us.
5. Henry is always Cole.
6. A couple of co-eds.
7. Aren't they sweet?
8. Physical Ed. Sargeant.
9. A place many have been, but few have seen.
10. Leaving, Dot?
11. We need a preacher.
12. The wages of sin.
13. Patience will surely reward thee.

1.

3.

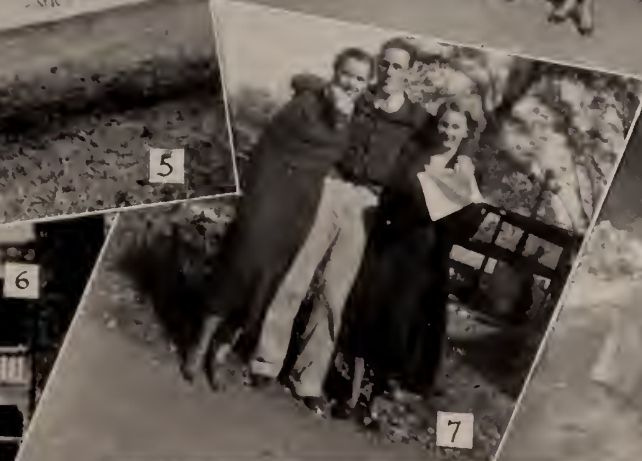

2.

4.

5.

7.

8.

6.

9.

10.

11.

1. Sorority sisters.
2. Three to one.
3. History repeats itself.
4. Now, this is Normal.
5. Lindberg Williams.
6. Ready for anything.
7. Is that a habit? Yes!
8. A duplicate of Stepin Fetchit.
9. A group of girls.
10. No posing here.
11. Wheadon's friends.

1. The boys go C. W. A.
2. Our late professor, Mr. Martin.
3. Town girls.
4. How did you get out there?
5. Big shots.
6. Mr. Nesom—to you!
7. Can't we have our pictures taken, too?
8. Practice teachers—believe it or not!
9. Where's Dorris?
10. You name it.
11. Where are "you all" going?
12. Tag 'em and let 'em go.
13. They don't look unlucky to us!

1. "I'll gladly pay you Tuesday for a hamburger today!"
2. Peek-a-boo! We see you!
3. Waitin' for rations.
4. Climbing flowers—
5. Oh, Buddy!
6. A young co-ed.
7. Curves and—what have you?
8. Waiting for their mail.
9. I don't believe it!
10. Why couldn't they swap?
11. Before and after.
12. She's got a machine gun.
13. A rear view of a rare bunch.

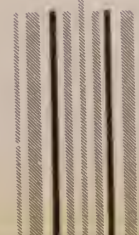

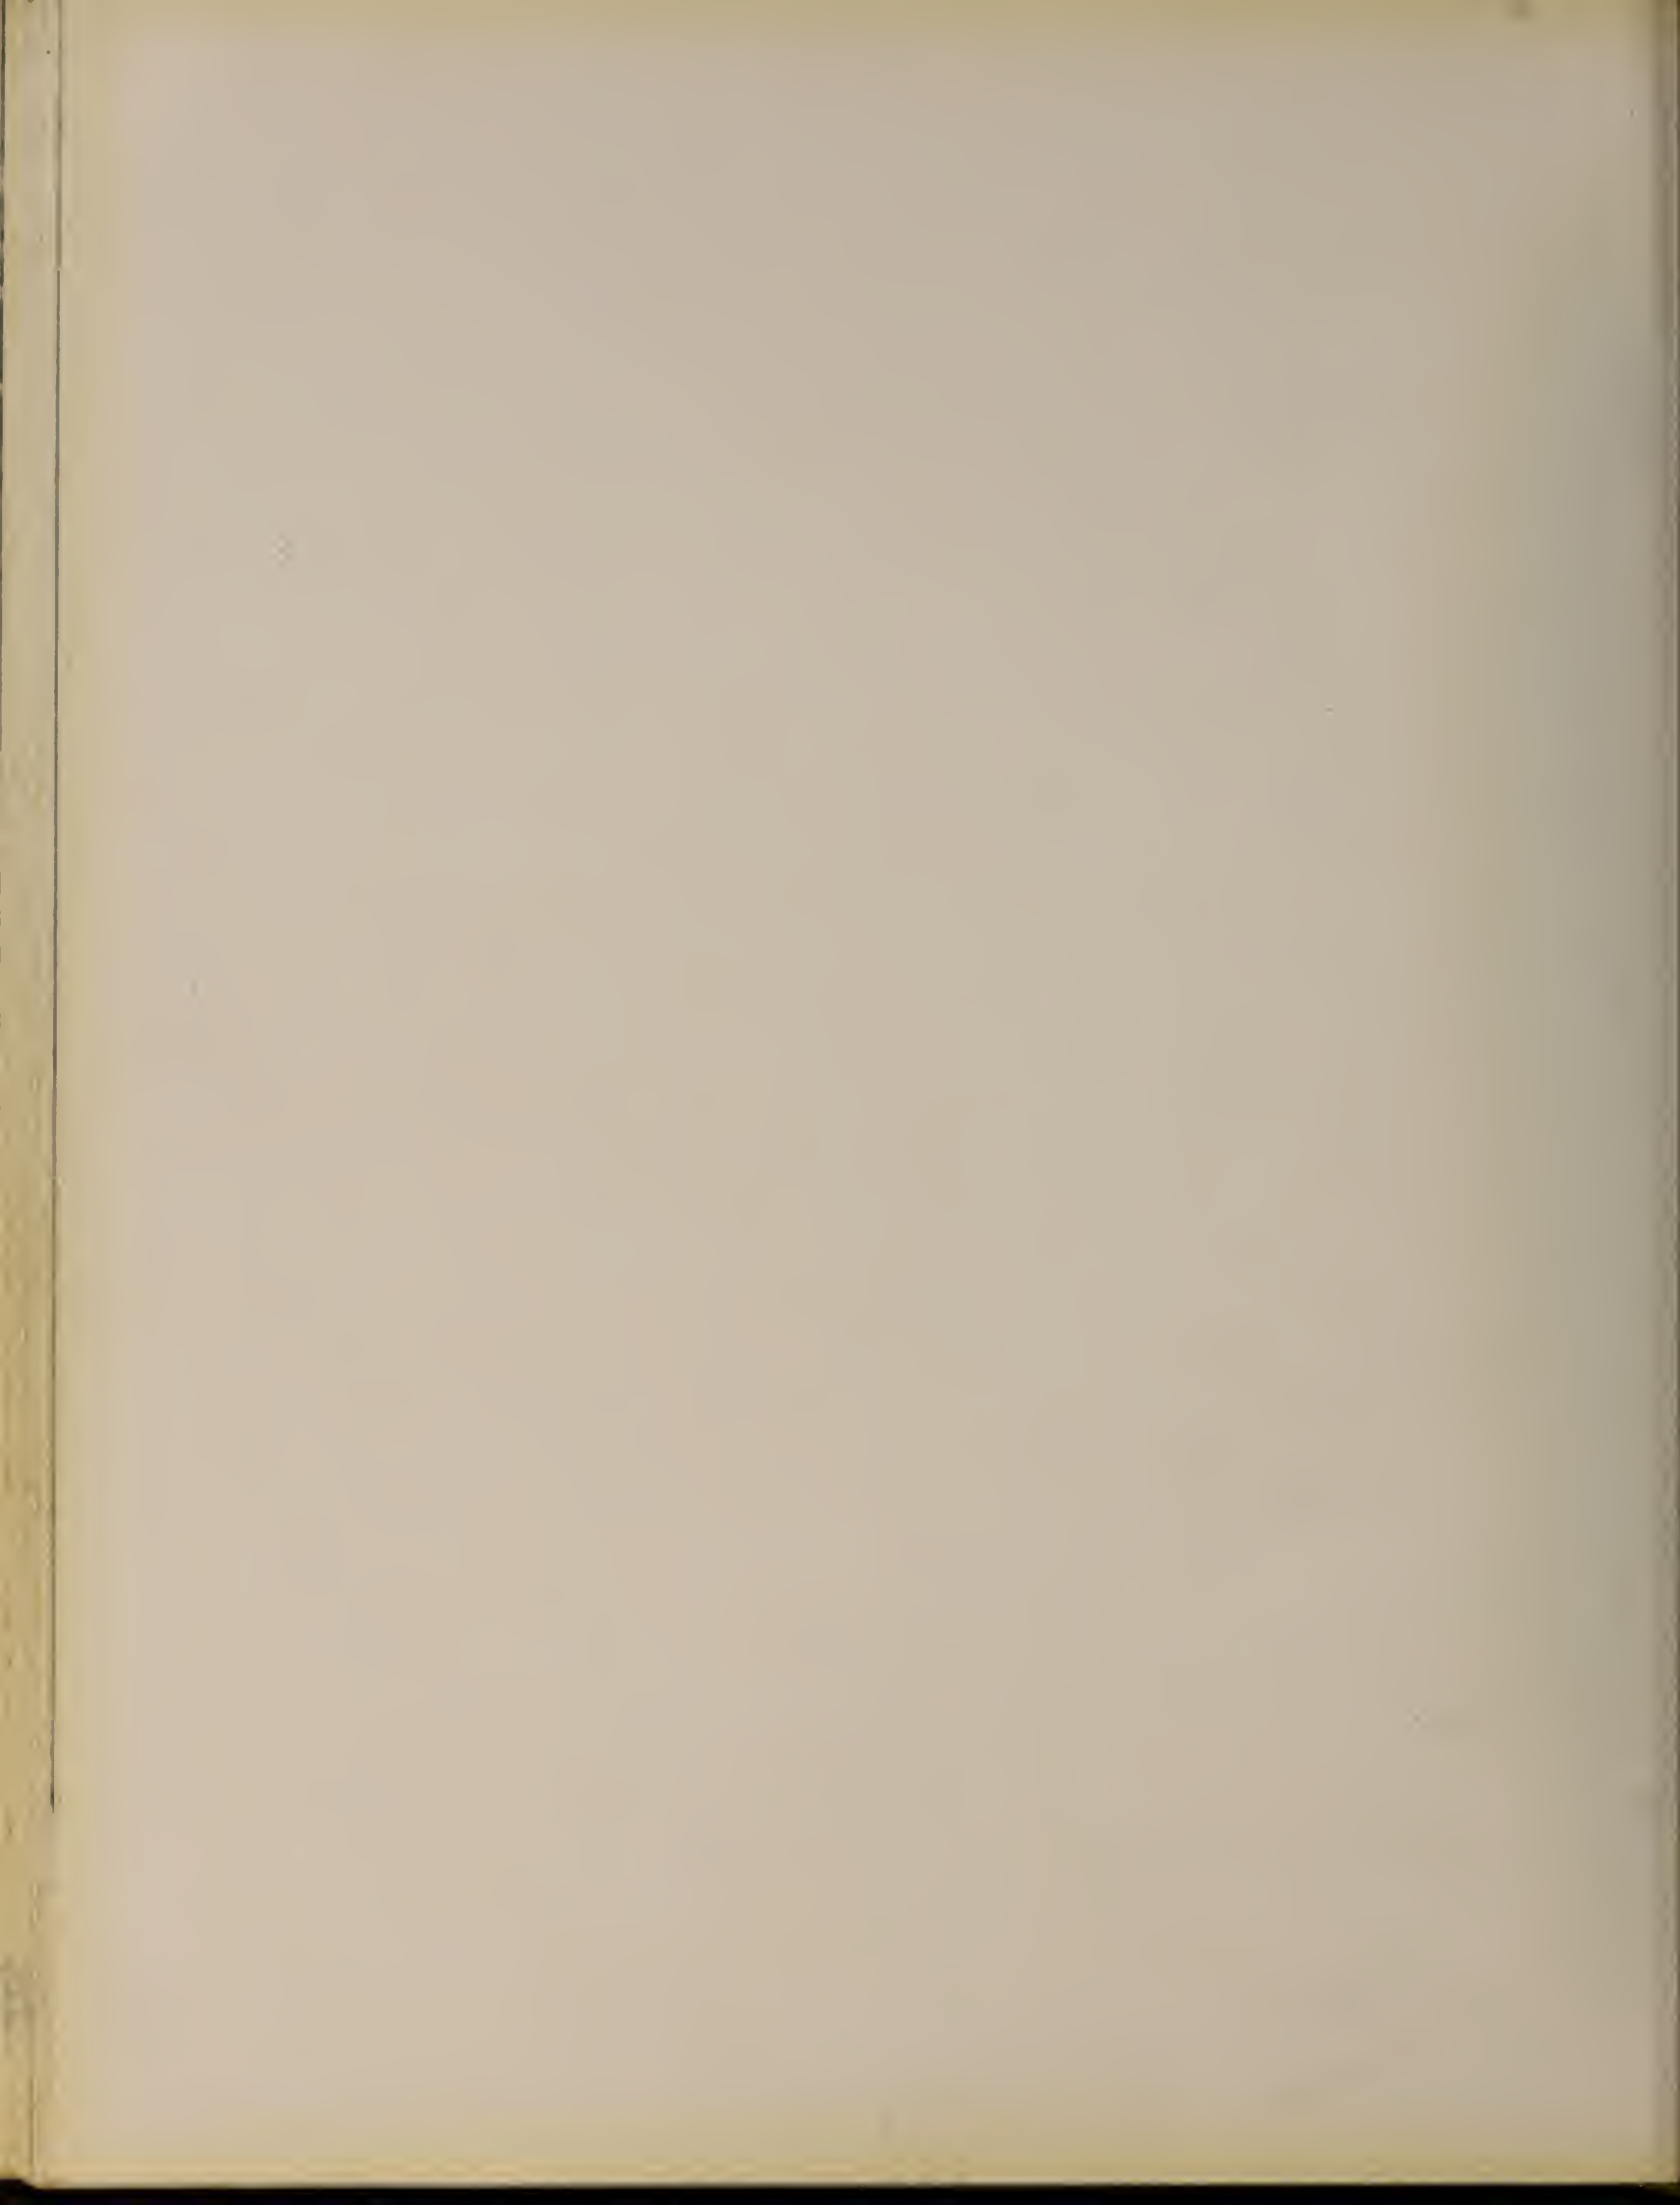

1. A haven for stray dogs.
2. Light things float.
3. Why don't you load up?
4. A mask would make it complete.
5. Our postmistress.
6. A fire wagon that always saves a lot.
7. It's tough on those chemistry teachers.
8. Another float.
9. Aunt Leora.
10. Sergeant-at-arms.
11. The way they "work" for the government.
12. She is supposed to be Wise.
13. Why don't they go up in the air?
14. The paper-stabber.
15. The answer to any maiden's prayer!
16. Mr. Tursler.
17. Waiting for the parade.
18. Too much inflation.

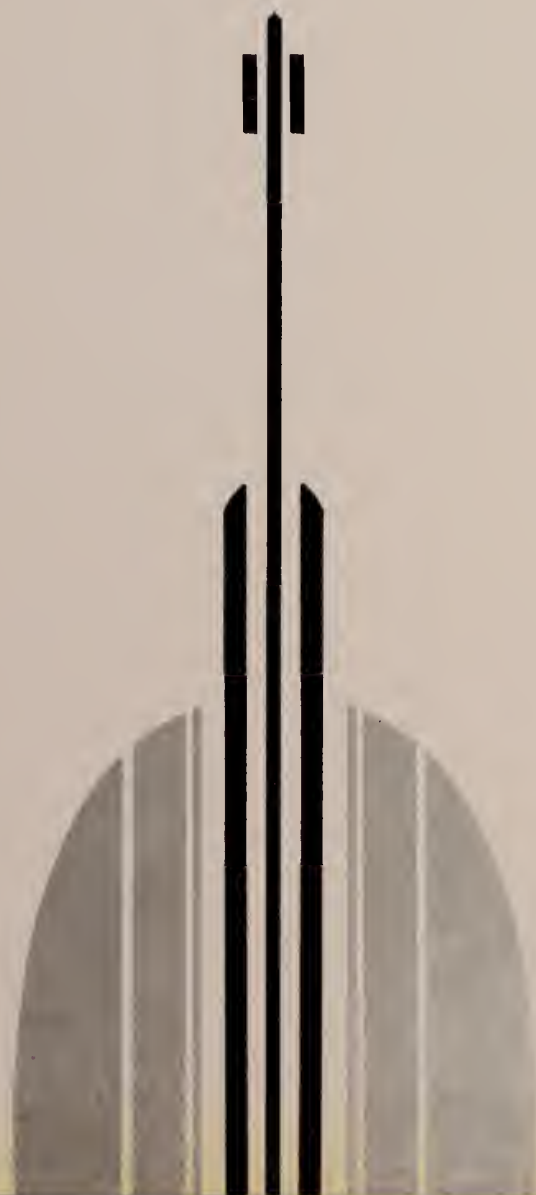

1. Big shots.
2. Hearts are trumps.
3. You'd have to buy from her.
4. Give me another drink, I'm seeing double.
5. Hearts win.
6. "All the world's a stage."
7. Back to Nature!
8. Miss Williams and a future teacher.
9. The statue of —?
10. We like this!
11. Is everybody happy?
12. We bet on the winners!
13. How do you get that way?
14. Her prayer was answered.
15. A rough game for ladies.
16. Heaven just turned out!
